AFOSR "Star Team" award presented to AFRL/HEDO

TEAM AWARD — Benjamin A. Rockwell (right) recently received the Star Team Award for FY 2000-2001 from Lyle Schwartz, Director AFRL's Air Force Office of Scientific Research. The Advanced Ultrashort Laser Bioeffects Team from AFRL/HED was nominated by AFOSR Program Manager, Walter Kozumbo, AFOSR/NL. The team includes Robert Thomas, Clarence Cain, Michael Denton, Gary Noojin, David Stolarski and Debbie Eikum from Logicon - TASC and Capt. Tony Hopkins, MSgt Steve Cora, TSgt John Williams, SSgt Doug Hardin, Benjamin Rockwell, and high school science aide Jacob Stolarski from AFRL/HEDO. The team is investigating laser damage mechanisms and thresholds for laser damage in support of advanced laser applications and safety standards. @ (Air Force photo)
